INSTRUCTIONS

Handlers may opt to enter in a higher height division for all Regular titling classes, but not in a division lower than their proper height division. Dogs entered in the Preferred classes **must** compete at the required jump height and may not compete in a jump height division higher or lower than their proper height division.

All dogs that have not been officially measured for an Agility Jump Height Card may still compete; however, they must be measured by a Judge of record, an Agility Field Representative, or a Volunteer Measuring Official, prior to running. If measured by the Judge of record, that measurement will be valid for this trial *or back-to-back trials* only. If a measurement is necessary, it is the exhibitor's responsibility to have their dog(s) measured prior to running.

Dogs listed in the AKC Canine PartnersSM program may be eligible to enter all-breed AKC agility trials at the club's option. These dogs should be listed as All American Dog and must include their AKC number on the entry form and check the AKC No. box.

Junior Handlers should enter their Junior Handler number on the front of this form. Should you not have your Junior Handler number, it may be obtained from the American Kennel Club (919) 233-9767. If the Junior Handler is not the owner of the dog identified on the face of this form, what is the relationship of the Junior Handler to the Owner? _____

TAURINE TESTING

Taurine (Whole Blood) Testing will be available at the clinic on Friday, November 22, 2018. You may have seen or heard the increasing awareness of a problem developing in our dogs. Diet Related Taurine Deficiency and Dilated Cardiomyopathy is being seen in our dogs at an alarming frequency. Grain Free and Boutique type diets are being suspected of having a relationship in this problem. The FDA has issued alerts regarding Diet Related TD - DCM. University of California, Davis, is one of the institutions involved with investigations regarding the disease and causative factors. They have issued a document that contains links to the FDA alerts and other helpful information. The document is available here:
